Kathy Weigand, M. Photog. & Artist

"As an artist, I'm just trying to record this land that I love, one photograph, or one oil painting, at a time."

A sixth generation Texan, Kathy Weigand was born and raised in Fredericksburg Tx. The simple Hill Country & western lifestyle is part of her roots, and is reflected in many of her prints and oil paintings.

"Back when I was a kid, I was always 'borrowing' my older brother's Kodak 110 camera or my parents camera, and taking photos of my horses, hereford cattle, and sunsets in our back pasture. My parents would figure out who used up all the film, when they picked up the prints from the local lab. I didn't realize it back then just how important photography and art would become in my life."

In 2001, Weigand opened Hill Country Images. Along this art journey, her artwork has earned numerous awards, been published, used in large corporate marketing, as well as local business advertising and decor.

In 2015, she was awarded the coveted PPA International Master of Photography (M. Photog.) degree in Nashville TN.

Kathy also enjoys oil painting in her home studio using her own photos as references, or 'plein air', in the beautiful Hill Country. Only creating a few original oil paintings each year, she prefers starting with a limited palette of colors, mixing & creating new colors throughout the painting's progress. She enjoys watching a blank canvas *come to life* with interesting colors and values. Her favorite subjects are often images of the American West.

Her artwork has sold to collectors across the USA.

She lives with her husband, & two children, on their farm near Fredericksburg TX.
